

Brian Katzung, President and Founder

Brian has worked with companies of all sizes. He has successfully partnered with UBS Warburg, Tri-Sage, Swiss Bank Corporation, Information Technology Solutions, SHL System House, Interactive Systems Corporation, AT&T, and Lachman Associates Incorporated. Along with developing patents for AT&T, Brian has co-founded several companies during his 25 years in the industry, including Time-Value Financial Services, L.L.C., an accounts receivable factoring brokerage company, and Kappa Computer Solutions, LLC.

Brian graduated with a Bachelor of Science in Electrical Engineering and Computer Science from the University of California, Berkeley in 1985. He began working with computers in 1974 and since 1977 has provided UNIX-based consulting - especially in the areas of shell programming, C, and Perl--both as an independent and employee for other companies. He has extensive experience with strategic technical consulting, software development, system architecture and administration. Brian has been recognized among his peers for his excellent contributions to quality.
